Rack Speakers for System 732

Your 100-Watt, Three-Way Rack Speakers are designed specifically for your System 732. The speakers' 10-inch woofers, 4-inch midranges, and 3-inch tweeters combine to give you excellent response in all frequency ranges. The efficient bass-reflex design provides a cleaner sound than acoustic suspension systems.

These features make the speakers look and sound great.

Superior Speaker Elements — meet Radio Shack's rigid requirements for excellence.

Simulated Wood-Grain Veneer Cabinets — make the speakers attractive and enhance the bass response.

Decorative Cloth Grille — hides the speakers' drivers without obstructing the sound.

Follow the instructions under "Connecting the Speakers" in your System 732 owner's manual to connect and position the speakers.

MAINTENANCE

Follow the "Care and Maintenance" instructions included with your System 732 owner's manual.

Caution: Gently clean the speakers with a feather duster. Do not use a vacuum cleaner. The vacuum action can permanently damage speaker elements.
